## Procedures, Techniques, Rules...I Wish I Learned in School

Andrae captures insight and pearls of wisdom from the military's most senior leaders, calling them Procedures, Techniques, and Rules. These strategies, if applied with discipline, can provide efficiency to your day-to-day routine and increase your overall well-being. Procedures, Techniques, Rules... I Wish I Learned in School is a resource tool that offers bottom-line instructions on a range of habits that have proved beneficial to our nation's leading authorities. Andrae has taken his experiences from sitting down to talk with leaders, such as former Secretary of Defense, Donald Rumsfeld; Chairman of the Joint Chiefs of Staff, General Martin Dempsey; and Korean War hero,

**What others say about this ebook:**

**Review 1:**

Perfect gift. I purchased several copies of "Procedures, Techniques, and Rules..." for friends, mentees, and recent graduates. The advice is straight-forward and easy to implement. Mr. Ballard fluidly shares his military experiences, Christian foundation, and personal lessons learned with readers. I highly recommend keeping a few copies on-hand to give as quick gifts. Each page has a short lesson that makes for useful discussion topics--especially with young people.

The book has many reminders of how to be a good person and live a life of purpose and service to others.

**Review 2:**

A well put together book from a gentlemen I know and trust, looking forward to your next book sir. I plan to implement some of your reading into our 14 week mentor program for youth attending Gentlemen vs Swag Academy, Inc.

**Review 3:**

The simplicity and clarity of this book is amazing! Many times authors are so fixated on inundating us with their knowledge and experiences that the readers don't have time to "digest" what they are reading. This book is an incredible balance between learning from Andrae's experiences and giving the reader time to think and grow. This is a gem and should be reread often.....

**Review 4:**

A great read! This should be included in school curriculums. The author articulates common sense behavior that every young person should grasp.

**Review 5:**

Very sound advice from a classmate of mine. Very easy to read right before bed and get some ideas and then pick up where you left off the next morning or night. Thanks!
