What others say about this ebook:

Review 1:

Excellent, useful guidebook for travelers to Sicily. Provides a nice combination of what-to-see-and-do along with historical and cultural background. Highly recommended.

Review 2:

Our trip to Sicily was great thanks to the Rough Guide. Very good information on what to see and restaurants.

Review 3:

Excellent guidebook for Sicily. This book takes the place of a Rick Steves book on the island, nicely!

Review 4:

Somewhat limited in descriptions of destinations but excellent coverage of restaurants and accommodation. For that Rough Guides can't be beaten and this reacheds their usual standard.

Review 5:

Very up to date and accurate information, well organized. Love the Rough Guides in general because they pull no punches and don't try to gloss over places where other guides are so worried about offending someone somewhere.
