### Running in High Heels: How to Lead with Influence, Impact & Ingenuity

Sometimes the best man for the job...isn't. There's never been a better time to be a woman in the business world. But just because you're on the rungs of leadership doesn't mean you have to be one of the boys. Not only is it a lot more fun to stand tall in your Jimmy Choo's than to

### Aggression against Ukraine: Territory, Responsibility, and International Law

Conquest, annexation, secession by force these belong to a statecraft which great powers after World War II seemed to have set aside for good. Russia in 2014 however brought them back. Aggression against Ukraine examines the stakes in Crimea, Donetsk, Luhansk and other troubled borderlands and for

What others say about this ebook:

**Review 1:**

**Waste of my money**

**but this is my opinion. you may agree or disagree.**

**you will never get rich with options or the stock market.**

**Review 2:**

**Good basic options strategies review.**

**Review 3:**

**I was looking for more ideas on option spreads. However, Lowell did a very good job of explaining the greeks and his strategies which are very conservative. It's worth the investment.**

**Review 4:**

**I read this on Kindle - and found it a great book. The Author is quite clear in what the book is, and what the book is not. As a beginner in Options and the stock market itself I'm trying to wade through lots of educational sources, and I've found this book an excellent summary of a few practical approaches to get busy with options trading. People get hung up on the title - but rich people only got there with long hours and hard (let's not forget smart!) work. So I found the title totally appropriate - especially as the book is about an instrument that offers high leverage, the ability to forecast probability and the ability to cap risk.**

**Review 5:**

**Easy to read, and winning strategies. You may not get rich, but you will make money.**
