Calculus Of A Single Variable For Advanced High School Students, 8th Edition

Ideal for the single-variable, one-, or two-semester calculus course, Calculus of a Single Variable, 8/e, contains the first 9 chapters of Calculus, 8/e. The text continues to offer instructors and students new and innovative teaching and learning resources. The Calculus series was the first to use computer-generated graphics, to include exercises involving the use of computers and graphing calculators, to be available in an interactive CD-ROM format, to be offered as a complete, online calculus course, and to offer a two-semester Calculus I with Precalculus text. Every edition of the series has made the mastery of traditional calculus skills a priority, while embracing the best features of

The Reel Truth: Everything You Didn't Know You Need to Know About Making an Independent Film

Did you know that most of the biggest indie filmmakers, screenwriters, and producers working today each made the same avoidable mistakes early on in their careers? The Reel Truth details the pitfalls, snares, and roadblocks that aspiring filmmakers encounter. Reed Martin interviewed more than one hu

The Infertility Survival Guide: Everything You Need to Know to Cope with the Challenges While Maintaining Your Sanity, Dignity, and Relationships

If you're part of a couple negotiating fertility issues, this book offers you practical strategies to cope with the emotional and practical problems that can occur while trying to conceive. The book describes each step of the medical process, from diagnosis to treatment. Throughout, thoughtful exer

Fire Study (Study, Book 3)

The apprenticeship is over— now the real test has begun. When word that Yelena is a Soulfinder— able to capture and release souls— spreads like wildfire, people grow uneasy. Already Yelena's unusual abilities and past have set her apart. As the Council debates Yelena's fate, she

Andra Ursuta: Alps

Combining formal innovation with dark humor and social commentary, the work of Romanian-born artist Andra Ursuta (born 1979) uses parody and blasphemy to expose power dynamics, probe the vulnerability of the human body and examine modes of desire. Ursuta's sculptures and installations engage

What others say about this ebook:

Review 1:

I'm a math tutor so I own a lot of calculus books, but I think I'd recommend Larson Calculus 8th edition to anyone trying to learn calculus. This book is well written and comes with enough examples and "exercises" (practice problems). It is the best option I know of for a new Calculus student (of course there are later editions, but I only own the 8th and the 3rd edition so I can't speak to the merits of other editions).

Review 2:

Fair trade

Review 3:

the book looked bad when it arrived

Review 4:

A very good text book for high school students.

Review 5:

There are many dirty figures in it. Also, some graphs were damaged and unclear.
