What others say about this ebook:

Review 1:

As an introduction to Eastern Orthodoxy, which is all the book purports to be, the book is ideal: well-written, concise, useful in Terms of pertinent Information such as Major Holidays, with more depth than one would expect in a simple introduction. I would recommend the book to persons travelling in Greece, the Balkans or eastern European countries as well as to those unfamiliar with Eastern Orthodoxy, which, though one of the three Major branches of Christianity, is Little known or understood in the USA and Western Europe.
