Children need more than behavior modification. They need the gospel. But every parent knows how hard it can be to communicate the truth of God's Word and the message of God's grace in a way that engages the hearts, minds, and affections of the little ones we love so much. Assisting parents with this high calling, Jessica Thompson offers us an alternative to merely telling our kids what they must do to please God and be a "good Christian." Designed for the whole family, this collection of gospel-centered devotionals will help you teach your children to treasure and rely on Jesus more than anything else.

What others say about this ebook:

#### **Review 1:**

This book is great! My 9 year old daughter and I read it together. We use it as her Devotional. She loves it. There was one time we she was mad and didn't want to read it and went to her room upset, and that day she read, it said something about sitting in your bed upset and not knowing how to pray, she was in complete awe, knowing it was God speaking to her! Grateful for this book and forever Gratful that the Lord gave you this word to teach us to explore grace together!!

#### **Review 2:**

Absolutely love this devotional book. Our family appreciates the deep truths within the pages, as well as the briefness. With 5 children aging from 6, 7, 8, 9 & 13 years old, it is sometimes hard to find age appropriate devotionals for all, that hold their attention but don't overdo it either. The book itself is small, which is great for taking with you. The questions given are helpful for helping to take it deeper, start conversation to discuss the truth shared, and help with the transition of seeing relevance to everyday life with the Truth shared. We would gift this to friends as well.

#### **Review 3:**

Good book but not what I was looking for, it doesn't really cater to that 3-5 age group.

#### **Review 4:**

This was a great way for us to introduce our son to a walk with Jesus. At the time we began the book, he didn't yet have a relationship with the Lord. The great questions and gentle prodding found in this book helped us have conversations with him and encouraged him to have conversations with God.

#### **Review 5:**

My children, ages 9 & 6, and I looked forward to reading this each day! Great stories to start conversations!
