### What Is Art? (Penguin Classics)

This profound analysis of the nature of art is the culmination of a series of essays and polemics on issues of morality, social justice, and religion. Considering and rejecting the idea that art reveals and reinvents through beauty, Tolstoy perceives the question of the nature of art to be a religi

### Secondary Data Sources for Public Health: A Practical Guide (Practical Guides to Biostatistics and Epidemiology)

Secondary data analysis plays an increasingly important role in epidemiology and public health research and practice, but many difficulties confront researchers and analysts who wish to use secondary data to address a research or policy question. This practical guide is the only book to provide bot

### Does Atlas Shrug?: The Economic Consequences of Taxing the Rich (Russell Sage Foundation S)

Since the introduction of the income tax in 1913, controversy has raged about how heavily to tax the rich. Opponents of high tax rates claim that heavy assessments have negative incentives on the productivity of some of our most talented citizens; supporters stress the importance of the rich should

### Roger Federer: Quest for Perfection

Regarded by many as the greatest tennis player in the history of the sport, this authoritative biography charts the success of Roger Federer, drawing from exclusive interviews with Federer and his family as well as the author's extensive experience covering the international tennis circuit. Compreh
